

Jet Overview

EXPERIENCE The Learjet 40XR

Based in North America

The Learjet 40XR is quite a contender in the competitive private jet market. Its cruise speed, cabin space, and technological advancements are greater than other light private jets. Its range allows for nonstop flights from Chicago to San Francisco or from Singapore to Hong Kong – trips that few other light private jets could complete.

50 cubic feet

ABOUT THE BRAND

Learjet

Since its inception, Learjet has been a pioneering brand in the private aviation sector. Bombardier, its parent company since 1990, stopped production of new Learjet models in 2022. With over 2,000 aircraft still flying, Learjet is not going away just yet and has a fascinating history that has shaped the private aviation sector as it is today.
